

Meal Deals

What Are They?

IndyDining Meal Deals are special offers for **IndyDining** Members to use at restaurants on **IndyDining**. We have a special page where each restaurant offering a Meal Deal is listed. This provides **IndyDining** Members easy access to find your restaurant. We also place the Meal Deal on the restaurant's profile page.

How Does It Work?

IndyDining Members will present a pre-printed "certificate" indicating they are eligible to receive the Meal Deal. Each certificate contains the deal, the restaurant's information, and the **IndyDining** Member's information for future use by restaurants. **IndyDining** Members will also have a Membership Card which can verify they are a member.

What Are The Benefits?

IndyDining Meal Deals are a great way to help attract customers to your restaurant(s) and drive your sales. **IndyDining** Members are always looking for new restaurants to try and the **IndyDining** Meal Deals will set your restaurant above the rest.
